How to Collect Your Pearlie Pins

Collecting your Pearlie Pins is easy! It all starts with great patient care:

Test & Return:

Use OraVital to test your patients, then return the completed kits to the lab for processing.

Restock Your Kits:

Keep testing—and keep your office stocked—by placing your next OraVital kit order through the OraVital Portal, accessible via the Clinical Login at OraVital.com.

Unbox & Discover:

Keep an eye on your kit deliveries! Pearlie Pins will be tucked into select orders throughout the year as a special thank-you.

Limited Edition Collection

Pins are distributed while supplies last and cannot be guaranteed. Each design is produced in limited quantities. Once a pin is gone, it is officially retired and will not be reproduced.
